Limited Modular approval. Power output is conducted. This module may only be installed with the reference trace and antenna described in this filing. Any increase on the antenna gain or change on the trace layout, a C2PC filing is required. This transmitter has been approved for use in mobile RF exposure category configurations with the antenna(s) installed to provide a separation distance of at least 20 cm from all persons. Grantee must coordinate with OEM integrators to determine applicable host configurations to ensure RF exposure compliance.
